

Summer Times

Newsletter of the John F. Kennedy International School Summer Camp, 2007

This summer camp is very good because we always have something to do. There are lots of counsellors to play games like rock climbing, drama, cooking, sewing and lots of other things. The best part was the shopping and the Aqua Park.

July Campers

I really love this camp because I like what we do such as activities like baking, sports, soccer, tennis and sewing. We go on overnights and hiking sessions. We also went to Aquapark. Everyone is nice, the campers as well as the counsellors. On weekends we have Saturday shopping and a barbecue on Sunday. Shopping is great because we can go where we want and buy souvenirs for our families like Swiss chocolate, candles, cheese and other things made in Switzerland. I hope I will come back next year.

Memories of August

Camp has been Great!!

I am in Mr. Ryan's Language class. It's great because we do a lot of things like reading, making songs with the guitar, playing a lot of games and going to the computer. Sometimes on a regular day we go to the swimming pool of Gstaad for swimming classes. I am with Ms. Alex and we are working on level B7. After swimming we have lunch at 12.00. When we finish eating we have some free time, and I play four square and bump.

At 1.30 we start the first interest group. Mine is rock climbing with Mr. Mike and Mr. Ryan. When I finish rock climbing a go to tennis with Ms. Alex and Mr. Emilio. On last day of interest groups at rock climbing we climbed a big rock and in tennis we did a tournament. I was second.

All this is a regular day. On weekends we go shopping. Sometimes they give us CH 20 and some time's CH 50. After shopping we go to the swimming pool of Sannen and we have free swim.

When we finish we go back to the boarding house and have free time before dinner after dinner we go to the dining room and put on a movie. During the movie we can eat a snack. Camp has been great this year!!!

This summer camp is very fun!! I'm doing a lot of things. One of the best things was the interest groups because I did baking and arts and crafts. In baking I made a lot of food and desserts and in arts and crafts I did a lot of very funny things. I like the shopping very much because I bought a lot of things. One of the best parts of summer camp was "Aquapark". I have never gone to "Aquapark" before. It was very, very fun!! The food was very good and I loved the video night because we ate some candies. I like my room and my friends in my room too!! I don't want to leave. I have had so much fun!

Rocco A., Italy

"Free time" et faire de l'escalade avec Mr. Mike et Mr. Ryan étaient mes occupations préférés.

Jude F., Saudi Arabia

Nous avons fait beaucoup des choses avec Monsieur Armando dans le cours de français. J'ai profité aussi pour faire beaucoup d'amies.

Nika G., Russia

L'humeur de Monsieur Armando au cours de français était la meilleur solution pour éviter de m'endormir!
