### JFK Van

Winding, rolling, hilly road,  
 It's time to deliver my precious load.  
 Swimming, biking, classes and sports,  
 Back to camp, they forgot swim shorts.  
 Blaring music and roundabouts,  
 "JFK rules" we hear them shout.  
 Time for overnight: "Get going!", "We're trying!"  
 Everyone wave to Mr. Brian.  
 Load with luggage, children and seats,  
 To the airport! Until the next time we meet.

### Hiking on a Mountain

I hiked on a mountain.  
 I drank from a fountain.  
 I played with some snow,  
 but I had to go.  
 We walked on some trails,  
 We found lots of snails.

### I go to JFK

4 square we play.  
 When we go to Gstaad  
 the locals applaud.  
 We spend pocket money  
 when the weather is sunny.  
 English class feels so long  
 thanks goodness for  
 ping-pong.  
 Oh how I love 4 Square,  
 Oops, I mean JFK!

### Interest Groups

In the J.F.K. there are interest groups. There's lots of activities like mountain-biking, rock-climbing, sports and games and lots of others. In rock-climbing, the first day you go in the garden and then we go to a harder rock. Now I'm going to tell you some interesting things about summer camp. On Saturday we go shopping. We go to Lausanne and Gstaad, after we finish we come back and watch a movie.

This summer I chose mountain shredding (mountain biking) and my teachers were Mr. Glenn, Ms. Jordana and Ms. Amber. They were all very good bikers. With our group we went to the 'Juga' bike park. We did time trials on a track with a lot of cool jumps and I finished it in 30 seconds. I was the best biker after the teachers. We also set up a video of us biking. Mountain shredding is my favorite interest group!

Great Excursions

Fantastic Hikes

### Pool Party

Yesterday was a very special day. We had a pool party! At the pool party I was with my counselors and with my friends. When we arrived at the swimming pool I saw my friend at the water slide. We went together and had a lot of fun. We ate hamburgers and chips and very little salad. After dinner we went in the baby pool and had fun. Then I sat with Lucia and Christina on the floor and talked.
